TEND HOME TEAM has a moving truck available for rental with the following terms. Please initial on every blank line to confirm that you have read each statement and agree to abide by these terms. Failure to abide by any terms of this agreement will result in forfeiture of your deposit monies.

Terms & Rules:

_____ I am comfortable operating a 15' box truck (Ford Van) approximately 9,500lbs gross weight (holds 3 to 5 rooms of furniture).

_____ I understand that I am responsible for all damages to this truck and will return it in clean working order. I will remove any and all garbage from both the cab and back of the truck as well as sweep the back of the truck prior to its return.

_____ I may request up to 48 hours of use of the truck. I understand that my requested days/times are not guaranteed and will be confirmed 2 days before pickup. I realize that if this truck is late it will be reported stolen and a fine of **\$50 per hour** will be charged to me until it is checked back in. This may be waived if proper notification is given.

_____ I realize that if I do not return the truck with a full tank of UNLEADED fuel and a receipt for the gas, my deposit check will be cashed and all monies forfeited to cover refueling. CHECK# _____ (attached) [With receipt and keys returned, the check will either be returned to you via US mail or shredded. Please check one box: Shred Mail.] Security deposit check must be written out to **TROY ANDERSON & ASSOCIATES LLC** in the amount of \$100.

_____ I will comply with this being a NON-SMOKING vehicle. I will not smoke in the vehicle cab or back of the truck, or near the vehicle if the windows are rolled down.

_____ I will fill out the check-out form before I drive the truck away from its pickup location as well as upon my return of the vehicle. I will e-mail a copy of this document to _____

concierge@tendhometeam.com the day of my pickup AND return.

Truck Instructions:

1. _____ Before Driving: Adjust the left/right mirrors. Familiarize yourself with all of the vehicle's instruments and how to operate the truck in inclement weather, how to control the temperature, and all other controls.
2. _____ Parking/Backing-up: Try to avoid backing up whenever possible, but if it is necessary, use a spotter to guide you. It is difficult to judge the correct distance using only the mirrors. Remember to always use the parking brake when leaving the vehicle unattended.
3. _____ Watch Overhead Clearances: Beware of low overhangs, such as gas stations, hotel canopies, bridges, tollbooths, and street signs. Please do not drive thru restaurants, hotels, banks, canopies, etc. This vehicle is approximately ten feet six inches tall (10'6").
4. _____ Allow Greater Following Distances: A loaded truck can take up to 9 times longer in stopping time and distance than a passenger car. Please leave at least five to six vehicle lengths between you and the car in front of you. At approximately 14,000 lbs. a collision would result in considerable damage and/or personal injury.
5. _____ Secure All Cargo: Make sure all materials in the truck are secure to avoid shifting while driving.
6. _____ Drive Safely: You must wear your seat belt at all times while operating this truck and always obey all traffic laws and regulations. Please remember to drive a little slower than you would if you were in a car and you should avoid passing. Use caution when changing lanes and entering/exiting highways. There are large blind spots.
7. _____ Equipment: there is a ramp with the truck. Please make sure these items are there when you check the vehicle out and do the check-out form.
8. _____ **UNLEADED Fuel:** The truck runs on **UNLEADED FUEL ONLY**. Please return the truck with a full tank of gas.
